

# We want to hear from you!

With the support of the WA State Library, Culture Care WA Inc is producing a range of (Mandarin & English) Early Childhood Education Resources for families with children aged 1 to 5 at library, child care centre and home settings.

Our comprehensive approach focuses on holistic child development by integrating educational content, moral values, health, and social growth into a diverse range of print, audio, and video resources. These resources will encompass engaging activities such as reading, talking, singing, writing, and playing.

We are actively seeking for your ideas and recommendation for this project. Your contributions would make significant impact to the scope of content of our resources.

We hope you can spare a few minutes to complete a survey form before **1 MARCH 2024** for the use of our consultation team.

## Survey

\$50 Gift Card will be awarded to two participants with the most constructive ideas.
